Post-secondary Readiness Work Group

Postsecondary Readiness(Diploma +) is the level of preparation a high school graduate needs in order to successfully proceed to the next step in a chosen path: a degree, credential, certification, apprenticeship, workforce or military.

Theory of Action:

If all students are provided the opportunity to attain all required standards (Kentucky Academic Standards) in each grade/year they are in school and

If educators collectively agree that each student will be supported in learning/succeeding at high levels and in areas that align with each student's interests/needs for successful transition to further postsecondary paths to acquire a degree, credential, certification, apprentice, workplace, military and

If all shareholders have access to and use data related to student access and opportunities to varied learning experiences and supports in order to continuously improve course offerings, extended educational experiences, then

Each student will have an opportunity to develop the academic, social, and workplace/life skills necessary to ensure a successful transition from preK-12 to the career route of their choice.

In terms of accountability, the workgroup feels that a three components must determine postsecondary readiness: Academic Readiness, Professionalism, and Successful Postsecondary Transition.

| Proposed Readiness Indicators | Academic Readiness |
|-------------------------------|--|
| | <i>Student</i> Successful completion of rigorous courses lead to successful post-secondary transition Advanced Placement (AP), Career and Technical Education Dual credit Career Pathways International Baccalaureate (IB) |

| | | | | |
|--------------------------|--|--|--|---|
| Proposed Measures | All students will achieve <u>one</u> of the following in the academic category | | | |
| | College Readiness (ex: ACT, SAT, etc.), | Successful score of 3+ on 1 of the following core: -Math Or English Or Science -Plus one AP course of interest | Industry Cert. or KOSSA or WorkKeys | ASVAB (Military Students) 50 AFQT |

| | | | | | |
|---|---|------------------------|--|--|-------------------------------|
| Proposed Readiness Indicators | Professionalism and Ethics | | | | |
| | <i>Student</i> | | | | |
| | Demonstration of personal and professional essential skills for successful post-secondary transition | | | | |
| Proposed Measures | All students will achieve three of the following in the professional skills category (Essential Skills for Success) | | | | |
| | 6% unexcused absences or less per year over high school career | WBL Experiences | 25 hours of Service Learning/Community Service -hours of community performance | Co or Extra-Curricular Activities | Dual Credit Coursework |
| | | | | | Leadership Experiences |
| Measure of Success for Post High School Transition: Students enrolled in postsecondary education, registered apprenticeship, military, within 2 years after high school graduation. | | | | | |
